

Learning Environment

When logged in, Students are first presented with the **Course Overview** via the **Main Course Tab** with a summary of their progress, including **Activities**, and **Retention** bars.

The screenshot shows the RAISE Training interface for the 'Online Forklift Course'. The header includes the RAISE Training logo, navigation tabs for 'HOME' and 'ONLINE FORKLIFT...', and user information for 'NOEL TILL'. The main content area features the course title 'Online Forklift Course' and a descriptive paragraph. Below the text are two progress bars: 'ACTIVITIES' at 71% and 'RETENTION' at 0%. A 'More results >' link is located at the bottom right of the progress section.

Immediately following the summary are short cuts to MemoTrainer™ and the next available Activity to be completed, as well as the ability to search through the course content for any specific information.

The screenshot displays a list of shortcuts and a search bar. The first shortcut is 'MEMOTRAINING Increase your retention with this personal MemoTraining' with a clock icon, '10 Questions', and a 'START' button. The second shortcut is 'CONTINUE WITH: Shut Down Equipment and Secure Site' with a 'CONTINUE' button. Below these is a search bar labeled 'SEARCH CONTENT' with a magnifying glass icon.

The **Course Overview** is also where Students access the **Course Content** and the **Sidebar**, which includes access to such features as MemoTrainer™ settings, Extra Practice, Instructors, and the Communication Centre.
